Profile

A current student eagerly seeking experience and knowledge in the engineering field. Hard worker with a sharp attention to detail and a believer of learning by doing, in the most professional way possible. Currently pursuing a Bachelor's degree with future ambitions of going after a Graduate's degree and a Professional Engineering license.

Work experience

Head Bartender Great American Ranch

📅 06/2020 – present 📍 MECHANICSVILLE

- Led a team of up to 5 bartenders, ensuring exceptional customer service and timely delivery of drinks during high-volume events.
- Prepared new bartenders on bar operations and customer service.
- Maintained inventory levels, reducing waste and optimizing cost control measures while assuring all necessary ingredients were available for popular drinks.

Head Bartender and Associate Partner Cha Cha's Cantina

📅 03/2018 – 10/2019 📍 RICHMOND

- Headed a team of around 10 bartenders and servers, ensuring smooth operations and exceptional customer service.
- Trained new hires on bar techniques, customer service, and menu knowledge, resulting in a highly skilled and knowledgeable team.
- Maintained inventory levels and controlled costs through effective ordering and stock management.
- Handled each register after shifts to guarantee store money was managed and recorded properly.

Education

Computer Engineering | Bachelor's Old Dominion University

📅 07/2023 – present

- Pursuing a minor in Computer Science with an expected graduation date of December 2025.

Engineering | Associate's Brightpoint Community College

📅 08/2021 – 05/2023 📍 CHESTERFIELD

- Achieved a 3.54 GPA and graduated with high honors as Magna Cum Laude.
